REVOLUTIONIZE YOUR INDUSTRY TODAY.

A Full Selling Solution for Your Industry. More than just a CPQ solution.

Verenia CPQ helps companies that provide complex products and services sell easier and sell more through all sales channels. With its sales portal capability that allows role based access for multiple user types, it has unmatched guided selling, configuration, pricing, quoting and order capabilities. It provides dealers, distributors, inside and outside sales reps as well as sales and marketing instant access to knowledge based sales tools.

By implementing Verenia's omnichannel CPQ, companies connect sales, dealers and customers under one unified platform. The system leverages a robust CPQ platform to provide the best selling solution that keeps expert information readily available, making it simple for customers to buy. Organizations achieve better relationships with all channels, eliminate errors on quotes and orders, reduce manufacturing costs, create a stronger brand, and can increase quote volume up to 400%. Companies can sell smarter, faster and harness the intelligence to see their entire pipeline across all sales channels.

Why Verenia CPQ

Verenia CPQ is the highest rated CPQ on the market. Its omnichannel capabilities allow access for all your sales channels to login, configure, price and quote your products and solutions from any device with 100% quote and order accuracy. Verenia CPQ is built to make you an industry leader.
