Achieving success everyday.

Our customer's success is the driving force behind everything we do at PeopleSense.

Your continuous improvement and success is our objective.

Experienced Consultants

PeopleSense has assembled a group of skilled Technical and Business Process Improvement (BPI) Consultants with extensive background and experience working with manufacturing companies using Intuitive as their primary ERP system.

PeopleSense consultants have over 50 years of combined Intuitive experience.

Our consultants understand the value of listening to your needs and goals and have the skills to help you attain those goals.

Affordable Prices

Our goal is to help you get the most from your software investment.

Contact us and we will provide you with a Professional Services Agreement, which outlines the way we do business and payment options.

You will find that our rates are competitive and considerably lower than working directly with Intuitive.

Additional Services

PeopleSense also provides:

- General process improvements for all versions of Intuitive
- Business Process Evaluations - a two-day on-site evaluation of how you use Intuitive, after which we produce a written document outlining a road-map and plan of action
- Full Service Accounting / Financial Consulting - including month-end and year-end closing services
- Pay-As-You-Use Intuitive Support - provides a quick resolution to support cases without the run around and high cost for those customers without Maintenance Contracts, or as a more responsive supplement to your Intuitive Maintenance / Support
- Complete Intuitive implementations and re-implementations
- Hosted Solutions and Applications – reduce risks, reduce costs, increase reliability and work from anywhere there's an internet connection with greater peace of mind

Third Party Enhancements and Add-On Solutions

PeopleSense has access to solutions to fill in the gaps where Intuitive falls short:

- WIN Transportation Management System – simplifies day-to-day transportation management tasks, providing savings opportunities, shipment visibility and carrier choice, all at no cost and no fee for the shipper
- Verenia CPQ (Configure Price Quote) - a next generation cloud configuration and eCommerce solution that integrates with Made2Manage and enables your users, sales people, customers and dealers to configure, quote and order your products online, on any device
- PeopleSense Analytics Powered by Portus – business intelligence and reporting that seamlessly integrates with PLM, CRM, and ERP applications, providing multi-layered, drill-down analytics through a web browser
- Sales and Use Tax Compliance
- KnowledgeSync Alerts and Workflow – a single solution with which you can monitor and respond to important business conditions within all of your front-office and back-office software solutions
- Workforce Management Software and Services – including payroll, HR, etc. - our sweet spot for over 15 years
