

Achieving success
everyday.

Our customer's
success is the
driving force
behind everything
we do at
PeopleSense.

Your continuous
improvement and
success is
our objective.

Experienced Consultants

PeopleSense has assembled a group of skilled Technical and Business Process Improvement (BPI) Consultants with extensive background and experience working with manufacturing companies using Made2Manage as their primary ERP system.

PeopleSense consultants have over 100 years of combined Made2Manage experience.

Our consultants understand the value of listening to your needs and goals and have the skills to help you attain those goals.

Affordable Prices

Our goal is to help you get the most from your software investment.

Contact us and we will provide you with a Professional Services Agreement, which outlines the way we do business and payment options.

You will find that our rates are competitive and considerably lower than working directly with Made2Manage.

Our Passion is Driving Your Success

Technical Consulting Services

PeopleSense consultants routinely handle:

- Made2Manage Version Upgrades
- Microsoft Operating System Updates
- Network Troubleshooting and Repair
- Made2Manage Customizations
- Hardware Issues

Business Process Improvement (BPI) Consulting

PeopleSense consultants provide expert implementation and training for the following:

- Made2Manage Reporting (VFP and SSRS)
- Made2Manage Advanced Reporting
- Made2Manage Shop Floor Manager
- Made2Manage Bar Code (Legacy Bar Code and Shop Floor Data Collection)
- Made2Manage Planning & Scheduling (Basic and Advanced)
- Made2Manage Advanced Configurator
- ZetaDocs Set-Up

Additional Services

PeopleSense also provides:

- General process improvements for all versions of Made2Manage
- Business Process Evaluations - a two-day on-site evaluation of how you use Made2Manage, after which we produce a written document outlining a road-map and plan of action
- Full Service Accounting / Financial Consulting - including month-end and year-end closing services
- Pay-As-You-Use Made2Manage Support - provides a quick resolution to support cases without the run around and high cost for those customers without Maintenance Contracts, or as a more responsive supplement to your Made2Manage Maintenance / Support
- Complete Made2Manage implementations and re-implementations
- Hosted Solutions and Applications – reduce risks, reduce costs and increase reliability

Third Party Enhancements and Add-On Solutions

PeopleSense has access to solutions to fill in the gaps where Intuitive falls short:

- Vertance Navigator – a reporting option that can replace all other Made2Manage reporting options and an easier alternative to rewriting M2M custom reports
- WIN Transportation Management System – simplifies day-to-day transportation management tasks, providing savings opportunities, shipment visibility and carrier choice, all at no cost and no fee for the shipper
- Verenia CPQ (Configure Price Quote) - a next generation cloud configuration and eCommerce solution that integrates with Made2Manage and enables your users, sales people, customers and dealers to configure, quote and order your products online, on any device
- PeopleSense Analytics Powered by Portus – business intelligence and reporting that seamlessly integrates with PLM, CRM, and ERP applications, providing multi-layered, drill-down analytics through a web browser
- Sales and Use Tax Compliance
- KnowledgeSync Alerts and Workflow – a single solution with which you can monitor and respond to important business conditions within all of your front-office and back-office software solutions
- Workforce Management Software and Services – including payroll, HR, etc. - our sweet spot for over 15 years

Single Point of Contact

Brian Tognoni has been working with the Made2Manage customer base and this network of consultants for 12 years. Contact Brian and he can give you access to an abundant array of talent. His understanding of Made2Manage and the talents at his disposal will ensure the correct consultant is assigned to your project or issue.
