Achieving success everyday.

Our customer's success is the driving force behind everything we do at PeopleSense.

Your continuous improvement and success is our objective.

Experienced Consultants

PeopleSense has assembled a group of skilled Technical and Business Process Improvement (BPI) Consultants with extensive background and experience working with manufacturing companies using Intuitive ERP® as their primary ERP system.

PeopleSense consultants have over 150 years of combined Intuitive ERP® experience.

Our consultants understand the value of listening to your needs and goals and have the skills to help you attain those goals.

Affordable Prices

Our goal is to help you get the most from your software investment.

Contact us and we will provide you with a Professional Services Agreement, which outlines the way we do business and payment options.

You will find that our rates are competitive and considerably lower than working directly with Intuitive ERP®.

Our Passion is Driving Your Success

Technical Consulting Services

PeopleSense consultants routinely handle:

- Intuitive ERP® Version Upgrades
- Microsoft Operating System Updates
- Network Troubleshooting and Repair
- Intuitive ERP® Customizations
- Hardware Issues

Business Process Improvement (BPI) Consulting

PeopleSense consultants provide expert implementation and training for the following:

- Intuitive ERP® Advanced Reporting
- Intuitive ERP® Shop Floor Manager
- Intuitive ERP® Bar Code (Shop Floor Data Collection)
- Intuitive ERP® Advanced Configurator
- ZetaDocs Set-Up

Additional Services

PeopleSense also provides:

- General process improvements for all versions of Intuitive ERP®
- Business Process Evaluations - a two-day on-site evaluation of how you use Intuitive ERP®, after which we produce a written document outlining a road-map and plan of action
- Full Service Accounting / Financial Consulting - including month-end and year-end closing services
- Pay-As-You-Use Intuitive ERP® Support - provides a quick resolution to support cases without the run around and high cost for those customers without Maintenance Contracts, or as a more responsive supplement to your Intuitive ERP® Maintenance / Support
- Complete Intuitive ERP® implementations and re-implementations
- Hosted Solutions and Applications – reduce risks, reduce costs, increase reliability and work from anywhere there's an internet connection with greater peace of mind

Third Party Enhancements and Add-On Solutions

PeopleSense has access to solutions to fill in the gaps where Intuitive ERP® falls short:

- **PeopleSense Analytics Powered by Portus –** business intelligence and reporting that seamlessly integrates with PLM, CRM, and ERP applications, providing multi-layered, drill-down analytics through a web browser
- **VelocIT –** fully PCI-compliant advanced payment solution
- **Avalara –** sales tax compliance automation
- **KnowledgeSync Alerts and Workflow –** a single solution with which you can monitor and respond to important business conditions within all of your front-office and back-office software solutions

- **Scan2Track Barcoding –** family of software applications designed to be fully configurable to each your unique needs without incurring custom software costs
- **Time and Attendance –** multiple options that integrate with Intuitive ERP® to automate routine tasks, optimize pay and shift rules, and provide interface options to create detailed labor cost reports

Single Point of Contact

Gary Cierny has been working with the Intuitive ERP® customer base and this network of consultants for 20 years. Contact Gary, and he can give you access to an abundant array of talent. His understanding of Intuitive ERP® and the talents at his disposal will ensure the correct consultant is assigned to your project or issue.
